

## Human Papillomavirus (HPV) vaccination

The School Aged Immunisation Service (SAIS) will soon be visiting your child's school to deliver the Human Papillomavirus (HPV) vaccination.

The HPV vaccine called Gardasil 9 will be offered to all students, male and female, as a single dose given in school year 8.

HPV Vaccine

This vaccine offers protection against infection from the Human Papillomavirus (HPV) which can lead to a range of cancers in later life. Please follow this [LINK](#) or scan the QR code for further vaccine information

**PLEASE CLICK THE LINK BELOW TO COMPLETE THE ONLINE PROCESS, EVEN IF YOU WISH TO DECLINE THE VACCINATION.**

## HPV e-CONSENT FORM

**The link will close 7 days before the planned vaccination session date.**

If you do **not** wish your child to receive this vaccination, be assured that once we receive your refusal via the link above, we will not vaccinate your child nor offer them the opportunity to self-consent.

However, be aware that if we have not received any response before the vaccination session, we may offer your child the opportunity to self-consent on the day. This is in line with the 'Gillick' Competency Framework.

<http://www.nhs.uk/Conditions/Consent-to-treatment/Pages/Children-under-16.aspx>

If your child is absent on the day of planned vaccinations, you will be offered the opportunity to bring them to a community-based vaccination clinic.

If you have any queries, please contact the School Aged Immunisation Service on 0800 170 7055 option 5.

Yours sincerely,

School Aged Immunisation Service (SAIS) - Northamptonshire Healthcare NHS Foundation Trust
