

Human Papillomavirus (HPV) vaccination

The School Aged Immunisation Service (SAIS) will soon be visiting your child's school to deliver the Human Papillomavirus (HPV).

A one-dose schedule was introduced in September 2023, where a single dose of the HPV vaccine (Gardasil 9) will be offered in school year 8 (12-13 years old)

This vaccine offers protection against infection from the Human Papillomavirus (HPV) which can lead to a range of cancers in later life. Please follow the links below or scan the QR code for further vaccine information.

MMR Vaccine

NHFT 0-19 Children's Services

The link will close at 8am on the day of your child's school session.

If you do **not** wish your child to receive this vaccination, be assured that once we receive your refusal via the link above, we will not vaccinate your child. However, be aware that if we have not received any response before the vaccination session, we may offer your child the opportunity to self-consent on the day. This is in line with the 'Gillick' Competency Framework.

MMR Vaccine

We can also offer any outstanding MMR vaccinations alongside this HPV vaccine. If you believe your child may be missing one or both doses, please express your interest on the e-consent link above and a clinician will contact you to discuss this vaccine. Alternatively, you can call our phonenumber below for help and support. For information on this vaccine click link [MMR Vaccine](#) or scan the QR code above with your mobile device.

If your child is absent on the day of planned vaccinations, you will be offered the opportunity to bring them to a community-based vaccination clinic.

If you have any queries, please contact the School Aged Immunisation Service on 0800 170 7055 option 5.

Yours sincerely,

School Aged Immunisation Service (SAIS) - Northamptonshire Healthcare NHS Foundation Trust
