

21 March 2022

Dear Parent/Guardian

### Covid Update

With the current rise in covid-19 cases both national and locally, I would like to encourage you again to make yourselves familiar with the [latest NHS covid guidance on when to stay home](#).

The main aspects to remember are:

- Children should not come to school if they have tested positive or are experiencing any of the symptoms – high temperature, new and persistent cough, loss or change to sense of smell or taste.
- If experiencing symptoms, children should take a PCR test.
- Following a positive test, normal activities can only resume after 5 days self isolation and 2 negative lateral flow test results, on consecutive days, as long as there is no high temperature.

Please continue to keep us aware of any covid related absences, via our dedicated email address: [covidreporting@montsaye.northants.sch.uk](mailto:covidreporting@montsaye.northants.sch.uk).

We continue to monitor this situation and prioritise everyone's safety.

Thank you for your support.  
Yours faithfully

Mrs Gabbi  
Principal
