Free food is regularly available in Rothwell and Desborough

Simply download the 'Olio' app (it's free to download and free to use). Adverts appear on the app and you then request what you would like (you might not get everything you ask for as the food has to be shared equally as much as possible).

Listings typically begin at 9.00pm at night, and you can usually collect up until 10.30pm. Items with a use by date must be collected that day. Items with a best before date can be collected the following day. What a wonderful way to help the community and rescue unwanted food.
