Dear Parents and Carers,

**RE: Late bus survey**

Thank you to all that responded to the survey regarding the future arrangements for the late bus service.

Unfortunately, due to the lack of numbers interested in the service we are unable to provide late buses on any day of the week at present. As outlined in the previous letter, the school can no longer subsidise this service.

Afterschool clubs and revision sessions for exam year groups will continue to be provided by school and its staff. We encourage all students to attend the afterschool provision which is offered free of charge and can offer invaluable personal and social development. The afterschool revision sessions have helped students that have attended them in past to make significant gains in their examinations.

Thank you for your understanding on this matter.

Yours faithfully

Mr G Baria  
Senior Vice Principal
