Our Pathfinder Schools family

Nina Adams - HR Manager

As HR Manager I work closely with our school leadership teams to ensure that we have healthy, engaged and talented staff to teach and support our pupils, and schools. My work means that our staff procedures are fair, follow employment law and staff and pupils are in a safe environment.

Ann Davey - CEO

It's my job to make sure that all of our Pathfinder Schools are fulfilling their legal duties and providing the best education they can for our Pathfinder Pupils. I do that by working really closely with the Central Team and Head Teachers to make sure that we collaborate to share what works really well and learn from one another. It's also important that I know what's going on in the wider world of education so that we can keep up to date and continue to 'inspire greatness' in all our Pathfinder People.

Craig Dye - IT Manager

My role at the Trust is to ensure that all of our schools have the technology they need to support learning in the classroom and to ensure that our IT systems are secure. I lead a team of IT professionals who have a wealth of experience and specialisms that we heavily rely on across the trust to ensure that our schools receive the best IT support we can provide.

Penny Rawlins-PA to the CEO and Governance Professional

I work closely with the CEO, supporting her in her role, as well as facilitating the work of the Trust Board, plus overseeing the marketing of the Trust and the ongoing management of Trust wide policies. In my role no two days are ever the same!

Laura McWhinnie-Director of School Improvement

I work in partnership with central and school teams to ensure that all of our schools are well supported on a continuous journey of improvement. Much of my work is based directly in schools, where I work with leadership teams supporting them to make sure their schools offer a great quality of education for the pupils. As part of the Central Team, I co-ordinate opportunities to collaborate on projects that benefit all of our pupils and draw on the wealth of expertise we have within our schools.

Peter Leaver - CFO

I have worked in schools for 12 years, first joining Montsaye in 2010 as their Business Manager. My current role is Chief Financial Officer, as CFO I am responsible for Trust wide finance, including supporting our schools to achieve the very best for our pupils within their budget. I also oversee Trust Data Protection, supporting schools to manage their building and grounds and provide legal support.
