

Dear Parent/Carer

Revision Boost Workshop (10th and 11th April, during Easter break)

Montsaye Academy are working in collaboration with Aspire Higher at the University of Northampton. They have created a revision boost workshop, open to Year 11 students and students resitting their Maths and English GCSE this summer.

The two day workshop will focus on revision tips and techniques, advice on how to stay motivated, focused, and positive, how to use online revision resources, planning and managing time, goal setting and more. The workshops will not cover subject specific revision, which the maths department will be focusing on.

As you know the 6th form at Montsaye, colleges, apprenticeship providers and employers often have a grade 4 in Maths and English as their entry requirement. We hope the content and techniques in this workshop will assist them in achieving the grade they want so they have a range of choices available to them at the end of Year 11.

The event will take place from 9.30am-3.30pm each day at Waterside Campus, University of Northampton, Northampton, NN1 5PH. Fully funded transport will be provided to and from the University campus each day.

Your pupil can book a place on the two day workshop by following this link <https://forms.office.com/e/dbqyQkKyHf>
Deadline for booking is 7pm on Wednesday 27th March.

The event is free to attend. A packed lunch and water bottle should be taken on each day. Please note there is also a small supermarket (accepts cash or card) and several catering outlets (debit card or apple pay or similar only) on the university campus where a variety of lunch items are available if preferred.

Speakers at the event will include David Hyner, Made Training and Resilient Me who are all experts in their fields.

We hope this revision boost workshop will assist your young person with their revision, help them to prepare for their exams and achieve a balance during the lead up into exam time. If you require any other information you can get in contact with your child's maths teacher or the head of maths at cdarnbrook@montsaye.pfschools.org.uk

Yours sincerely

Conor Darnbrook
Head of Maths
