

You may have heard over the last few months Naseby C of E Primary School have been working closely with Pathfinder Schools. We're delighted to announce that from September 1st 2022 Naseby C of E Primary School will officially be a part of the Pathfinder family.

What does this mean for our Pathfinder Community?

Collaboration

- We'll have a wider group of professionals to share great ideas at all levels and job roles – teachers, business managers, governors, senior leaders, curriculum leads.
- We'll have another school to welcome to our Pathfinder sporting tournaments
- Our Pupil Parliament representatives will benefit from another voice at their termly meetings
- We continue to have a dedicated fund and support for school buildings and grounds development
- Our supportive and innovative Wellbeing programme, benefitting both staff and pupils, will have a wider reach

Independence

SUCCESS

- In keeping with our values all our Pathfinder Schools continue to celebrate their own identity and serve their local communities
- The curriculum in each school will continue to serve the needs of the school whilst also benefiting from shared ideas
- Staff and governors in all Pathfinder Schools will continue to lead school development but with support from the Pathfinder network

Humanity

- At the heart of every Pathfinder School is the belief that life is about more than success; it's about greatness. The secret to finding this greatness lies in our everyday actions that make life more fulfilling and more rewarding for us and those around us.
