

Dear Parents/Guardians,

12 October 2020

Firstly, we would like to recognise how well Year 11 have done in the first half term of this academic year. Not only have they adapted back into the school routine, but they have grasped every opportunity to support their learning. This was highlighted in the first option drop down day on Monday allowing students to have a dedicated day to cover key content, complete coursework, and have practice exam questions. Student and staff feedback for this day can be seen in the Montsaye Academy October Newsletter.

The reason for this letter is to publish our October half term intervention sessions. Not all subjects are running sessions; only where departments feel it is needed. There will be both February half term and Easter holiday intervention sessions where most subjects will run sessions. More information will follow nearer the time. Students are encouraged to attend all sessions available for subjects they study. For every session a student attends they will be placed into a raffle for a £20 voucher of their choice. The more sessions attended the more entrances into the raffle they will receive.

Please see the **UPDATED** timetable for the two weeks below:

Week 1

Day	Subject	Teacher	Time	Location
