

18th January 2023

Dear Parents/Carers,

As we begin the third half term of Year 11 we wanted to write to you to share how proud we are of the year group so far this year. They are showing a mature attitude to learning, attending after-school intervention sessions, and completed the recent mocks with diligence.

To support students further there is a key event coming up that all students will be involved in on **Friday 3rd February; a Post-16 taster day.**

Students who are projected to meet Sixth Form entry requirements will take part in a Sixth Form taster day, giving them the opportunity to experience subjects they have not studied before, as well as gain an understanding of what daily life in the Sixth Form is like. Students involved in this day will be provided with a subject selection sheet shortly.

Year 11 students who are looking at a College or Apprenticeship route for their post-16 education will take part in a post-16 information day. As part of this we will have visiting colleges, including Northampton College, Moulton College and Tresham College, providing key information on pathways they offer. In addition there will be workshops students will take part in to support them post-16.

Students will be informed as to the day they will be taking part in shortly, and provided with a timetable to follow for the day.

If you have any questions about any of the above please email your student's form tutor in the first instance.

Yours faithfully

Mrs H. Pickering
Year 11 Progress Leader

Mrs K. Jones
Head of Sixth Form
