

14 March 2025

Dear Parents/Guardians,

From Monday 17th March we will be running detentions for any year 10 students who been logged as having missed a core homework the previous week. We have been running these detentions with year 11 since the start of the year and the impact on their progress has been significant.

If your child misses one of their English, maths or science homework's, they will be expected to attend a detention the following Monday between 3 and 4pm in order to complete the work that has been missed.

The expectations for satisfactory completion of homework can be found in the information on the assignments section on Arbor.

If you have any questions, please contact your child's teacher in the first instance.

Thank you for your support.

Yours faithfully

Mrs G Horne
Assistant Principal
