

## DANCE A-LEVEL BRIDGING WORK

As our future A-Level dancers, I thought I would share a link to lots of online dance classes lead by professional dancers. A great opportunity to keep practicing dance and even try a new style from the comfort of your homes.

<https://www.dancingalonetogether.org/classes> The times listed are American times, but you can still access them after they have completed the live video at times that are better for you – 10am is 2pm our time. There are also lots of practical workshops on YouTube too!

Thanks,

Miss Malins
