We have our first Accelerated Reader Millionaire...

We are very pleased to announce that, since September, one of our Year 7 students, Poppy, has read the grand total of 57 books, amounting to 1,205,881 words. Accelerated Reader is a computer-based programme that Montsaye Academy uses to monitor reading practice and progress. It helps us to guide students to books that are on the student's individual reading level; the student takes a short quiz after reading each book to check if they have understood it.

PE and Sports News

Another very strong performance by the Year 10 football team who won 5-0 last week. Congratulations to all players and to Ben who scored a goal in his school football team debut. Excellent leadership throughout the game from Charlie, the captain, too *#aspiration #excellence*.
