

15 March 2019

Dear Parents/Carers,

Following the success of our recent Ofsted inspection we would like to thank the highly effective School Improvement Board for its work to support the school in its journey. Moving forward, the school needs a full governing body to support Montsaye Academy in its next exciting stage of development.

The governing body will be made up of staff and community governors and one parent governor and this letter is asking for nominations for the parent governor position. Nominees must have parental responsibility for a child at Montsaye Academy and nominations must be received **by 3pm on Friday 22 March 2019**. If more than one nominations are received, we will hold a ballot.

If you would like to find out more about the parent governor role or the process to nominate, please email me at clerktogovernors@montsaye.northants.sch.uk.

Yours sincerely

Mary Campbell
Clerk to Governors
