MONTSAYE ACADEMY HOME LEARNING SUPPORT

You currently need to do your learning from home. There are a range of resources ready for you to use on the topics you have been studying in your **Product Design** lessons. The tables below contain links to the relevant topics in the **PiXL booklet.**

- Work out which term we are in by checking the date.
- Click on the link and this will take you to the relevant topic.
- From there, find the last lesson you did in school and start work on the next lesson. You then work through all lessons unless specific lessons are indicated.
- You can also use the previous resources to recap key words, facts and concepts from previous lessons.

Lessons usually include a question section reviewing your understanding of the main ideas and then you need to follow instructions to complete some written work.

Review the prompts – Exam Tips / Typical mistake / Key Words

Remember, if you need extra support you can… re-watch the video, email your teacher, check another source such as BBC bitesize, message a friend.
