	If these are already completed and are strengths please follow the guidance below for independent study:	Username: joseblog@montsaye
		Password: Date of birth eg. 05/06/2006
	1) Take out your Corbett Maths Handout with QR Codes. If you do not have it with you, you can access a copy here:	

www.padlet.com/mrdarnbrook/mathsmaths

- 2) Think about how well you know these topics, label them Red Amber Green.
- 3) Focus your Amber topics first. Watch the instructional video, make notes. Attempt the practice questions and check your answers.
- 4) Email your teacher with any specific questions of queries you may have. They will answer your questions after the break.
- 5) Continue until all the topics are Green

There are lots of other resources on that Padlet. You can do short mini-tests, there is a link to the Corbett 5-a-day, there is a link to past papers for you to practice. This allows you to vary what you do and allows you to practice specific topics (QR codes) and exam technique (small checks and past papers)
