Week	Revision plan for half term	Resources
1 (13 th February to 17 th February)	<p>Sports Session Risk Assessment</p> <p>You need to complete your risk assessment of the venue you will be using for your sports session.</p> <p>Step 1: Identify as many hazards in your venue as you can think of. E.g. Wet floor, Jewellery. 8 needed</p> <p>Step 2: How severe could the injury be if one was to occur from the hazard you have identified? E.g. How severe could an injury be if someone slipped on a wet floor.</p> <p>Step 3: What is the likelihood/probability that an injury will occur from the hazard you have identified? E.g. What are the chances of someone slipping on the wet floor?</p> <p>Step 4: Who is affected by the wet floor? Could be participants or coaches.</p>	<p>Risk Assessment Example.docx</p> <p>Knowledge Organiser.pptx</p> <p>RO53 - LO2 - Risk Assessment - Helpsheet.odt</p>

Step 5: What are you going to do to reduce the chance of an injury occurring from that hazard? E.g. I will inspect the floor before the session and ensure there is no sitting water. If there is, I will ensure that it is mopped up by the sports centre staff before my session starts. **This must be detailed.**
