Celebrating our students - Montsaye Academy Heroes
Excellence, Resilience and Aspiration

Congratulations to our Year 10 students who recently took part in an athletics event at Kettering. Well done to the following boys for setting new Montsaye Academy athletics records: **Joe B.** 100 metres in 11.57 seconds and Long Jump at 5.07 metres, **Jack A.** 200 metres in 26.94 seconds and **Dylan B.** 800 metres in 2.04 minutes and Javelin at 24.11 metres.

Well done to **Fynn B.** who, having broken the girls 1500 metres record a couple of weeks ago with 5.10 minutes, last week saw her set a new Year 9 girls 800 metres record in a time of 2.35 minutes.

Congratulations to **Taine B.** who has set a new Year 9 boys 800 metres record in a time of 2.13 minutes.

DEAR (Drop Everything and Read)

Do not forget that students can now read non-fiction books, as well as fiction books during DEAR. Non-fiction texts include; newspapers, sports and musical programmes, non-fiction books of interest such as historical, sporting, political and food, autobiographies and biographies. Year 10 students are currently taking part in Drop Everything and Revise (for their mock exams).

Year 10 Simplify Maths Sessions

In preparation for the rigour of Year 11 study, we are offering our Year 10 students one-to-one appointments with a member of the maths department, to help bridge any gaps in subject knowledge before the summer. Ask your child's maths teacher for more details on how students can get the support they need to feel confident going into the GCSE year with all the tools they need to succeed.

Saturday 9th June 2018

Year 11 - Final Saturday Morning Maths Revision Session

The last of these sessions will take place on Saturday 9th June 2018 - Foundation: 9.00am to 11.45am; Higher: 9.00am to 10.30am.

Year 11 - Saturday Morning Physics Revision Session

This revision session is for all physics students sitting the higher paper (Friday 15th June) and will take place from 10.30am to 12.00noon. Content will cover; scaled diagram for calculating resultant forces and resolving forces, SUVA equation, momentum and Newton's law and, if time allows, motor effect and generator effect.

There will be further revision sessions on Wednesday 13th June, period 3 and 4 and on Thursday 14th June, period 3 and period 4.
