

Dear Parents and Carers,

Re: Show My Homework at Montsaye Academy

We are excited to be launching Show My Homework with our Year 7 students this week, an online tool to help you keep track of your child’s homework. Show My Homework will allow you to see the details of the tasks your child has been set, all their deadlines and their submission status and grades. For many years now we have used this system to improve the way we communicate with parents and give you greater visibility into the homework we set.

You will be provided with login details to your personal account which is linked to your child’s homework calendar where you will be able to see your child’s To-do List and any homework that is overdue. Login details have been given to students and we would appreciate it if you could please activate your accounts by the end of this week.

To view all homework set without login details please visit <https://www.montsaye.northants.sch.uk/> as the link for Show My Homework is on our website. Please note you will need to use the filter options at the top of the page to find your child’s homework.

Show My Homework Features:

- 24/7 access
- View quality and quantity of homework
- Translation into over 50 languages
- Apps available for iPhone, iPad, iPod Touch and Android devices
- Receive automated notifications before homework is due

We hope that Show My Homework will provide parents with a deeper insight into the homework your child receives. More importantly, we hope that it will improve your child’s organisation, time-management and help them to keep on top of their workload. The timetable below shows how much homework your child can expect to receive each week.
